## ART BATH LIVING

A Work of Art - For elegant bathroom furniture with a distinctively classical style look no further than Art. Quality and style that is unmistakably Italian, Art captures the interior design trends of the moment, in a way that ensures they will never go out of fashion. From regal Turquoise with Bronze Trimming, to the beautifully natural Ebony wood, the attention to detail on each piece in the collection is second to none.

A bathroom storage solution that is also an art form, furniture of the highest quality and brassware as a statement piece – welcome to the world of Art.

Opulently classic while being unmistakably modern, Art refuses to be defined by time. Beauty that will last a lifetime, the vanity has an Art Deco feel, where a striking Gloss Black finish finds its match with brass metal detail. The one-piece countertop makes its own statement, contrasting with the furniture's recessed handles for a linear look.

Contemporary curves combine with bevelled detailing and a bronzed glass surround on the Art mirror. Echoing the rounded edges of the vanity, this beautiful shape is repeated again in the most masterful of ways in the curves of the wall-mounted brassware.
